# CONOCO project goes on: from the Survey to our meeting in Athens

The CONOCO: “COPing with NO mobility during CORona Virus times: Learning from each other” E+ project is now more than active with two new actions to be underlined.

The former is the **Survey** launched by the team. The Survey aimed at receiving different information about how different people managed to stay active (physically and mentally) during the lockdown period due to Covid-19 pandemic. All the partners promoted the Survey through as many possible channels.

The latter is the **Short Term Training activity** (1-4 September 2021), **followed by a TP meeting** (4-5 September 2021), all hosted in Athens, Greece.

All participants attended the both events: European Association of ERASMUS Coordinators (EAEC- Cyprus), Volkshochschule Schrobenhausen EV, Germany, the University of Aegean, Greece, the Liceul Teoretic "Tudor Arghezi", Romania, the Associazione Ada, Italy, ITIS P. Paleocapa, Italy and the Universitea Petrol si Gaze Ploiesti, Romania.

The aim of this meeting was to learn about the different approaches to interviews and how to manage focus groups and testimonials. On the first day, after a quick warm welcome, the focus was on Social research and human behaviour, with an overview on positivism, theories and multi-strategy research. The second day was about qualitative research methods, one-to-one interviews and focus groups with a quick overview on ethnographic research. Furthermore, the group discussed about interviews as a research method.

The afternoon was dedicated to a social event: a beautiful walk to the Acropolis so to feel the stunning magnificence of Ancient Greece. All the partners were completely delighted at such a view.

The third day was dedicated to interviews communication skills and analysing qualitative data.

After the long enthusiastic day, the group gathered for a dinner altogether.

The fourth day was dedicated to presentations, National reports, group contributions and an invitation to subscribe to our collaborative group on Epale platform. All documents are shared in our project Google Drive.

After the training ended on 4 September, the TPM meeting started, which was dedicated to a more logistic aspect, regarding deliveries, deliverables and national reports, plus an evaluation of the project so far and a plan in the form of TO-DO-LIST for the coming weeks.

The group had a great time together and...we are looking for the next meeting to take place! It was such an intense moment to be altogether, physically and not behind a screen...

# EPALE INVITATION

*(All partners and all Europeans are invited to Contribute)*

We would appreciate your feedback in the project's online platform held on Epale.

## Invitation for Associated Partners

The project has already reached interest outside of the project's consortium, as many organizations have become associated partners. The project has proceeded to develop a related list including current associated partners, from partner countries and beyond, who are involved in the project. You can easily access this list of associated partners on the project website. Up to this moment the project has 34 associated partners.

If you wish your organization to become an Associate partner, please write to: [info@co-no-co.eu](mailto:info@co-no-co.eu)
